ACHIEVEMENTS & ACKNOWLEDGEMENTS

Feb-2022

HACKCLUB@SKCET (FINALISTS)

We participated in our very first Hackathon , which was organized by our college . We didn't have any prior experience or knowledge about hackathon . Hackathons in general are very welcoming, especially to code newbies and people who have no coding experiences, because you would learn A LOT during hackathons. Our team "Hackstreet boys" build a website named - The Hackstreet Finance . This website was made to track the expenses and provide some suggestions for investing . We didn't secure the prize , but still the experience and exposure we got from this hackathon will help us for sure .
